1. CORPORATE INFORMATION

goeasy Ltd. (the "Parent Company") was incorporated under the laws of the Province of Alberta, Canada by Certificate and Articles of Incorporation dated December 14, 1990, and was continued as a corporation in the Province of Ontario pursuant to Articles of Continuance dated July 22, 1993. The Parent Company has common shares listed on the Toronto Stock Exchange (the "TSX") under the symbol "GSY" and its head office is in Mississauga, Ontario, Canada.

The Parent Company and all of the companies that it controls (collectively referred to as "goeasy" or the "Company") are a leading full-service provider of goods and alternative financial services that provides everyday Canadians with a path for a better tomorrow, today. The principal operating activities of the Company include: i) providing loans and other financial services to consumers; and ii) leasing household products to consumers.

The Company operates in two reportable segments: easyfinancial and easyhome. As at June 30, 2022, the Company operated 302 easyfinancial locations (including 3 kiosks within easyhome stores and 3 operation centres) and 154 easyhome stores (including 34 franchises). As at December 31, 2021, the Company operated 294 easyfinancial locations (including 5 kiosks within easyhome stores and 3 operation centres) and 158 easyhome stores (including 34 franchises).

The unaudited interim condensed consolidated financial statements were authorized for issue by the Board of Directors on August 10, 2022.

2. BASIS OF PREPARATION

The unaudited interim condensed consolidated financial statements include the financial statements of the Parent Company and all of the companies that it controls. goeasy Ltd. controls an entity when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. This includes all wholly owned subsidiaries and a structured entity (note 7) where goeasy Ltd. has control but does not have ownership of a majority of voting rights.

As at June 30, 2022, the Parent Company's principal subsidiaries were:
- RTO Asset Management Inc.
- easyfinancial Services Inc.
- LendCare Capital Inc. ("LendCare")

All intra-group transactions and balances were eliminated on consolidation.

Statement of Compliance with International Financial Reporting Standards ("IFRS")

The unaudited interim condensed consolidated financial statements for the three and six-month periods ended June 30, 2022 were prepared in accordance with International Accounting Standards ("IAS") 34, *Interim Financial Reporting*, using the same accounting policies as those used in the Company's most recent audited annual consolidated financial statements. These unaudited interim condensed consolidated financial statements do not include all the disclosures included in the Company's audited annual consolidated financial statements. Accordingly, these unaudited interim condensed consolidated financial statements should be read together with the audited annual consolidated financial statements.

Significant Accounting Judgments, Estimates and Assumptions

The preparation of the interim condensed consolidated financial statements in conformity with IFRS requires management to make accounting judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent assets and liabilities at the date of the interim condensed consolidated financial statements and the reported amounts of revenue and expenses during the reporting periods.

These accounting judgments, estimates and assumptions are continuously evaluated and are based on management's historical experience, best knowledge of current events and conditions and other factors that are believed to be reasonable under the circumstances. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates, which could materially impact these consolidated financial statements. Changes in estimates will be reflected in the consolidated financial statements in future periods.

Impact of COVID-19 Pandemic

The Company's business has been impacted by the COVID-19 pandemic, which has created significant societal and economic disruptions. The COVID-19 pandemic has had a broad impact across industries and the economy, including effects on consumer confidence, global financial markets, regional and international travel, supply chain distribution of various products for many industries, government and private sector operations, the price of consumer goods, country-wide lockdowns in various regions of the world, and numerous other impacts on daily life and commerce.

With the active vaccination campaigns initiated in the prior year, Canada saw improvements in containing outbreaks of the COVID-19 pandemic and the economy reopened at a different pace across the country. In early 2022, the Canadian government began to institute policies to re-open the economy and has signalled its intent to encourage the economy to remain open.

The ever changing and rapidly evolving effects of COVID-19, the duration, extent and severity of which are not fully known, on investors, businesses, the economy, society and the financial markets could, among other things, add volatility to the global stock markets, change interest rate environments, and increase delinquencies and defaults. The COVID-19 virus, and the measures to prevent its spread, may continue to contribute to a higher level of uncertainty with respect to management's judgements and estimates.

3. CHANGES IN ACCOUNTING POLICY AND DISCLOSURES

(a) New Standards, Interpretations and Amendments Adopted by the Company

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Company's annual consolidated financial statements for the year ended December 31, 2021, except for the adoption of new standards effective as at January 1, 2022. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial statements of the Company.

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

(b) Standards Issued but Not Yet Effective

There are no new standards issued but not yet effective as at January 1, 2022 that have a material impact on the Company's interim condensed consolidated financial statements.

4. CASH

Certain cash on deposit at banks earns interest at floating rates based on daily bank deposit rates.

The Company has pledged a portion of its cash to fulfill collateral requirements under its cross-currency swap contracts. As at June 30, 2022, the fair value of the cash pledged by the Company as cash collateral in respect of its cross-currency swap contracts was $3.4 million (December 31, 2021 - $19.6 million).

Related to its secured borrowing loans, the Company holds back an amount from the proceeds of the loan transfer as a reserve against future customer defaults. As at June 30, 2022, the cash held back as a reserve for the Revolving Securitization Warehouse Facility and Secured Borrowings was $13.5 million and $17.6 million, respectively (December 31, 2021 - $6.8 million and $20.8 million, respectively).

5. CONSUMER LOANS RECEIVABLE

Consumer loans receivable represents amounts advanced to customers and includes both unsecured and secured loans. Unsecured loan terms generally range from 9 to 84 months while secured loan terms generally range from 5 to 20 years.

The following tables provide the gross consumer loans receivable split by the Company's risk ratings and further segregated by Stage 1, Stage 2, and Stage 3. The categorization of borrowers into low, normal and high risk is based on the Company's custom behaviour credit scoring model and/or third-party credit scores. This scoring model has been built and refined using analytical techniques and statistical modelling tools in predicting future losses among certain customer segments rather than traditional credit scores available from credit reporting agencies. Borrowers categorized as low risk have expected future losses that are lower than the average expected loss rate of the overall loan portfolio. Customers categorized as normal risk have expected future losses that are approximately the same as the average expected loss rate of the overall loan portfolio. Customers categorized as high risk have expected future losses that are higher than the average expected loss rate of the overall loan portfolio. The median TransUnion Risk Score for those borrowers categorized as low, normal and high risk is presented below as reference.

In calculating the allowance for credit losses, internally developed models were used which factor in credit risk related parameters including the probability of default, the exposure at default, the loss given default, and other relevant risk factors. As part of the process, the Company employed five distinct forecast scenarios, derived from the forward-looking indicators ("FLI") forecasts produced by Moody's Analytics, which include neutral, moderately optimistic, extremely optimistic, moderately pessimistic and extremely pessimistic forecast scenarios. These scenarios use a combination of four inter-related macroeconomic variables including unemployment rates, gross domestic product ("GDP"), inflation rates, and oil prices and are utilized to determine the probability weighted allowance. Judgment is then applied to the recommended probability weightings to these scenarios to determine a probability weighted allowance for credit losses.

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

The following table shows the key macroeconomic variables used in the determination of the probability weighted allowance during the forecast periods as at June 30, 2022 and December 31, 2021, respectively:

12-Month Forward-Looking Macroeconomic Variables (Average annual)	Forecast Scenarios Neutral	Moderately Optimistic	Extremely Optimistic	Moderately Pessimistic	Extremely Pessimistic
June 30, 2022					
Unemployment rate[1]	**5.63%**	**4.84%**	**4.15%**	**7.86%**	**9.28%**
GDP growth rate[2]	**2.20%**	**3.60%**	**4.52%**	**0.08%**	**(0.85%)**
Inflation growth rate[3]	**4.80%**	**4.54%**	**4.57%**	**6.19%**	**7.42%**
Oil prices[4]	**$88.10**	**$90.82**	**$88.59**	**$103.87**	**$130.38**
December 31, 2021					
Unemployment rate[1]	5.81%	5.02%	4.33%	8.04%	9.45%
GDP growth rate[2]	3.78%	6.36%	9.03%	(2.18%)	(6.91%)
Inflation growth rate[3]	3.07%	3.64%	4.14%	2.38%	1.79%
Oil prices[4]	$67.34	$69.02	$72.75	$42.25	$38.69

[1] An average of the projected monthly unemployment rates over the next 12-month forecast period.
[2] A projected year-over-year GDP growth rate.
[3] A projected year-over-year inflation growth rate.
[4] An average of the projected monthly oil prices over the next 12-month forecast period.

The analysis performed by the Company determined that the rate of inflation and rate of unemployment were positively correlated with the Company's historic loss rates while oil prices and the rate of GDP growth were negatively correlated with the Company's historic loss rates. The assignment of the probability weighting for the various scenarios using these variables involves management judgment through a robust internal review and analysis to arrive at a collective view of the likelihood of each scenario taking into account current economic conditions and the implications for near-term macroeconomic performance. If management were to assign 100% probability to the extremely pessimistic scenario forecast, the allowance for credit losses would have been $9.2 million (December 31, 2021 – $24.7 million under 100% extremely pessimistic scenario forecast) higher than the reported allowance for credit losses as at June 30, 2022. This sensitivity does not consider the migration of exposure and/or changes in credit risk that would have occurred in the loan portfolio due to risk mitigation actions or other factors.

[1] On January 1, 2021, the Company sold its equity investment in PayBright for consideration of cash and equity in Affirm Holdings Inc.

[2] In August 2021, the Company settled the total return swap related to the non-contingent portion of the equity in Affirm Holdings Inc. and in September 2021 and November 2021, the Company entered into new total return swaps to partially hedge the contingent portion of the equity consideration received. In June 2022, the Company settled the total return swaps related to the contingent portion of the equity in Affirm Holdings Inc.

Affirm Holdings Inc. and PayBright

In September 2019, the Company purchased a minority equity interest in PayBright for an aggregate cost of $34.3 million. PayBright is a non-listed Canadian lending company and payments platform focused on providing consumers with buy now pay later solutions at their favourite retailers, both online and in-store.

On January 1, 2021, PayBright sold 100% of its shares to Affirm Holdings Inc. (“Affirm”), including the Company’s minority equity interest in PayBright. Subsequent to the closing of the sale transaction, Affirm completed an initial public offering and its shares now trade on the Nasdaq Global Select Market under the symbol “AFRM”. The equity consideration received by the Company is subject to customary lock-up agreements in connection with Affirm’s initial public offering.

Under the terms of the sale to Affirm, the Company received total consideration, which was valued at that time, as follows:
- Cash of $23.0 million, excluding one-time expenses and closing adjustments and including $2.1 million held in escrow;
- Equity in Affirm with a value of $21.5 million; and
- Contingent equity in Affirm with a value of $15.4 million, subject to revenue performance achieved in 2021 and 2022.

After considering the likelihood of realizing the contingent equity, the fair value of the investment in PayBright was determined to be $56.0 million as at December 31, 2020.

On January 1, 2021, the Company derecognized its investment in PayBright and recognized its $33.1 million investment in Affirm in the consolidated statements of financial position.

The Company’s investment in Affirm was classified at initial recognition at fair value through profit or loss on January 1, 2021.

In August 2021, the lock-up period for the non-contingent portion of the equity in Affirm ended and the Company sold all non-contingent Affirm shares with a total consideration of $54.6 million and realized a fair value gain of $33.0 million under Other income in the consolidated statements of income.

For the three and six-month periods ended June 30, 2022, the Company recognized an unrealized fair value loss of $13.5 million and $42.7 million, respectively (for the three and six-month periods ended June 30, 2021 – unrealized fair value loss of $5.4 million and unrealized fair value gain of $51.0 million, respectively) under Other income in the interim condensed consolidated statements of income.

Total Return Swap

Subsequent to Affirm’s initial public offering, the Company entered into a 6-month total return swap (“TRS”) agreement to substantively hedge its market exposure related to its equity in Affirm which represented the non-contingent portion of the equity consideration received, pursuant to the sale of its investment in PayBright. This TRS effectively resulted in the economic value of the Company’s non-contingent shares in Affirm being settled in cash at maturity for USD108.87 per share, net of applicable fees. This TRS did not meet the criteria for hedge accounting.

The TRS related to the non-contingent portion of the equity in Affirm was settled in August 2021 for $33.3 million, which was recognized as a realized fair value gain under Other income in the interim condensed consolidated statements of income.

In September 2021, the Company entered into a 9-month TRS agreement to partially hedge its market exposure related to 100,000 contingent shares of Affirm. This TRS effectively resulted in the economic value of the hedged portion of the Company's contingent equity in Affirm being settled in cash at maturity for USD110.35 per share, net of applicable fees. This TRS did not meet the criteria for hedge accounting.

In November 2021, the Company entered into a 7-month TRS agreement to partially hedge its market exposure related to an additional 75,000 contingent shares of Affirm. This TRS effectively resulted in the economic value of the hedged portion of the Company's contingent equity in Affirm being settled in cash at maturity for USD163.00 per share, net of applicable fees. This TRS did not meet the criteria for hedge accounting.

The TRS related to the contingent portion of the equity in Affirm were settled in June 2022 for $25.4 million, which was recognized as a realized fair value gain under Other Income in the interim condensed consolidated statements of income.

Canada Drives

In June 2022, the Company invested $15 million in a convertible notes receivable of Canada Drives and committed to purchase an additional $25 million of convertible notes receivable on or before January 1, 2023. Canada Drives is Canada's largest 100% online car shopping and to-your-door delivery platform. The convertible notes receivable mature on June 15, 2025, bear interest at 5% annually and are convertible into preferred shares on defined terms.

The Company's investment in Canada Drives was classified at initial recognition at fair value through profit or loss. The option to convert the notes receivable into preferred shares is a financial derivative instrument, the fair value of which is included in the cost of the convertible notes receivable. The acquisition cost approximated the fair value of the convertible notes receivable as at June 30, 2022.

Brim Financial Inc.

In 2021, the Company invested $10.5 million to acquire a minority equity interest in Brim Financial Inc., a Canadian fintech company and globally certified credit card issuer.

7. REVOLVING SECURITIZATION WAREHOUSE FACILITY

goeasy Securitization Trust (the "Trust") is a securitization vehicle controlled and consolidated by the Company. The Company's activities include transactions with the Trust, a structured entity, which has been designed to achieve a specific business objective. A structured entity is one that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements.

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

The primary use of the Trust is to provide the Company with funding for its operational needs. On August 30, 2021, the Trust has entered into a $600 million Revolving Securitization Warehouse Facility (“Revolving Securitization Warehouse Facility”) with National Bank Financial Markets (“NBFM”), and as collateral for the drawn amount, consumer loans are sold from easyfinancial Services Inc. and LendCare Capital Inc. into the Trust. The economic exposure associated with the rights inherent to these consumer loans are controlled by easyfinancial Services Inc. and LendCare Capital Inc. As a result, these consumer loans do not qualify for derecognition in the Company’s consolidated statements of financial position. The Revolving Securitization Warehouse Facility matures August 30, 2024 and bears interest equal to the 1-month Canadian Dollar Offered Rate (“CDOR”) plus 185 bps.

On January 28, 2022, the Company increased its Revolving Securitization Warehouse Facility to $900 million. The Revolving Securitization Warehouse Facility continued to be underwritten by NBFM, with the addition of new lenders to the syndicate.

On June 30, 2022, the Company further increased its Revolving Securitization Warehouse Facility to $1.4 billion.

The following table summarizes the details of the Revolving Securitization Warehouse Facility:

	June 30, 2022	**December 31, 2021**
Drawn amount	**530,000**	295,000
Unamortized deferred financing costs	**(3,905)**	(2,186)
	526,095	292,814

As at June 30, 2022, $854.3 million (December 31, 2021 – $457.7 million) of consumer loans receivable were pledged by the Company as collateral against its Revolving Securitization Warehouse Facility.

Concurrent with the establishment of the Revolving Securitization Warehouse Facility, the Company entered into derivative financial instruments (the “interest rate swap”) as a cash flow hedge to protect against the variability of future interest payments by paying a fixed rate based on the weighted average life of the securitized loans and receiving a variable rate equivalent to 1-month CDOR.

The Company has elected to use hedge accounting for the Revolving Securitization Warehouse Facility and related interest rate swap (i.e., the same notional amount, maturity date, and interest payment dates). The Company has established a hedge ratio of 1:1 for the hedging relationships. To test the hedge effectiveness, the Company uses the hypothetical derivative method and compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks. There are no significant sources of hedge ineffectiveness between the Revolving Securitization Warehouse Facility and interest rate swap. There was no hedge ineffectiveness recognized in net income for the three and six-month periods ended June 30, 2022 and 2021.

As the Revolving Securitization Warehouse Facility and the interest rate swap are in an effective hedging relationship, changes in the fair value of the interest rate swap are recorded in Other Comprehensive Income (“OCI”) and subsequently reclassified into net income upon settlement.

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

The interest rate swap has an aggregated notional amount equal to the aggregated principal outstanding of the hedged Revolving Securitization Warehouse Facility. The fair value of the interest rate swap is determined from swap curves adjusted for credit risks. Swap curves are obtained directly from market sources. The fair value of the interest rate swap is as follows:

	June 30, 2022	December 31, 2021
Derivative financial asset		
Interest rate swap	**8,104**	1,035
	8,104	1,035

The financial covenant of the Revolving Securitization Warehouse Facility is as follows:

Financial covenant	Requirements	June 30, 2022	December 31, 2021
Minimum consolidated fixed charge coverage ratio	> 2.0	**4.73**	4.83

As at June 30, 2022 and December 31, 2021, the Company was in compliance with its financial covenant under the Revolving Credit Warehouse Facility.

8. SECURED BORROWINGS

The Company also securitizes consumer loans through non-structured third parties. The economic exposure associated with the rights inherent to these consumer loans are retained by the Company. As a result, these consumer loans do not qualify for derecognition in the Company's consolidated statements of financial position and Secured Borrowings are recognized for the cash proceeds received.

The Company has the following securitization facilities with non-structured third parties:

- A $105 million securitization facility ("$105 million Securitization Facility"), which bears interest at the Government of Canada Bonds ("GOCB") rate (with a floor rate of 0.95%) plus 395 bps. The loan sale agreement to sell loans into the facility expired on July 31, 2021. The balance of the loans that were sold into the facility will amortize down based on their contractual time to maturity; and
- An $85 million securitization facility ("$85 million Securitization Facility"), which bears interest at the GOCB rate (with a floor rate of 0.25%) plus 325 bps. In addition to the securitization loan facility, there is a $6 million accumulation loan agreement which advances 85% of the face value of consumer loans for up to a 90-day period, bearing interest at the Canadian Bankers' Acceptance rate ("BA") plus 400 bps. The loan sale agreement to sell loans into the facility expired on November 30, 2021. The balance of the loans that were sold into the facility will amortize down based on their contractual time to maturity.

As at June 30, 2022, the drawn amount against the Secured Borrowings was $138.4 million (December 31, 2021 - $174.0 million).

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

As at June 30, 2022, $146.6 million (December 31, 2021 - $171.3 million) of consumer loans receivable were pledged by the Company as collateral for these Secured Borrowings.

The financial covenants on the Secured Borrowings of the $105 million Securitization Facility are as follows:

Financial covenant	Requirements	June 30, 2022	December 31, 2021
Minimum LendCare tangible net worth	**>20,000**	**105,678**	70,027

The financial covenants on the Secured Borrowings of the $85 million Securitization Facility are as follows:

Financial covenant	Requirements	June 30, 2022	December 31, 2021
Minimum LendCare tangible net worth	**>30,000**	**106,200**	75,919
Maximum LendCare leverage ratio	**< 9.00**	**6.08**	6.79

As at June 30, 2022 and December 31, 2021, the Company was in compliance with its financial covenants for all Secured Borrowings.

9. REVOLVING CREDIT FACILITY

The Company's Revolving Credit Facility consisted of a $310 million senior secured revolving credit facility that matures on February 12, 2022. The Revolving Credit Facility is provided by a syndicate of banks. The Company also had the ability to exercise the accordion feature under its Revolving Credit Facility to add an additional $75 million in borrowing capacity. Interest on advances is payable at either the BA plus 300 bps or the lender's prime rate ("Prime") plus 200 bps, at the option of the Company.

In January 2022, the Company amended its Revolving Credit Facility agreement to reduce the maximum principal amount available from $310 million to $270 million, with the maturity extended to January 27, 2025 and increased the accordion feature from $75 million to $100 million. The amendments also include key modifications including improved advance rates, less restrictive covenants, and a broader syndicate of banks. On lenders Prime advances, the interest rate payable has been reduced by 125 bps, from the previous rate of Prime plus 200 bps to Prime plus 75 bps. On draws elected to be taken utilizing the BA rate, the interest rate payable has been reduced by 75 bps from the previous rate of BA plus 300 bps to BA plus 225 bps.

The following table summarizes the details of the Revolving Credit Facility:

	June 30, 2022	December 31, 2021
Drawn amount	**145,000**	-
Unamortized deferred financing costs	**(1,669)**	-
	143,331	-

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

The financial covenants of the Revolving Credit Facility were as follows:

Financial covenant	Requirements as at June 30, 2022	June 30, 2022	Requirements as at December 31, 2021	December 31, 2021
Maximum consolidated leverage ratio	**< 4.50**	**4.27**	< 4.25	3.23
Minimum consolidated fixed charge coverage ratio	**> 1.25**	**1.81**	> 1.75	2.41
Minimum consolidated asset coverage ratio	**>1.75**	**5.85**	-	-
Maximum net charge off ratio	**< 15.0%**	**9.2%**	< 15.0%	9.0%
Minimum consolidated tangible net worth	**-**	**-**	>$132,000, plus 50% of consolidated net income	$472,917
Minimum collateral performance index	**-**	**-**	> 90.0%	99.2%

As at June 30, 2022 and December 31, 2021, the Company was in compliance with all of its financial covenants under its Revolving Credit Facility agreements.

10. NOTES PAYABLE

On November 27, 2019, the Company issued USD550.0 million of 5.375% senior unsecured notes payable (the “2024 Notes”) with interest payable semi-annually on June 1 and December 1 of each year. The 2024 Notes mature on December 1, 2024 and include certain prepayment features.

Concurrent with the issuance of the 2024 Notes, the Company entered into derivative financial instruments (the “2024 cross-currency swaps”) as cash flow hedges to hedge the risk of changes in the foreign currency exchange rate for the proceeds from the offering and for all required payments of principal and interest under the 2024 Notes at a fixed exchange rate of USD1.000 = CAD1.3242, thereby fully hedging the USD550.0 million 2024 Notes at a CAD interest rate of 5.65%. The 2024 cross-currency swaps fully hedge the obligation under the 2024 Notes.

The following table summarizes the details of the 2024 Notes:

	June 30, 2022	December 31, 2021
2024 Notes in CAD at issuance	**728,310**	728,310
Change in fair value of 2024 Notes since issuance date due to changes in foreign exchange rate	**(20,240)**	(33,275)
	708,070	695,035
Unamortized deferred financing costs	**(6,778)**	(8,063)
	701,292	686,972

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

On April 29, 2021, the Company issued USD320.0 million of 4.375% senior unsecured notes payable ("2026 Notes") (the 2024 Notes and 2026 Notes are collectively referred to as "Notes Payable") with interest payable semi-annually on May 1 and November 1 of each year, commencing November 1, 2021. The 2026 Notes mature on May 1, 2026 and include certain prepayment features.

Concurrent with the issuance of the 2026 Notes, the Company entered into derivative financial instruments (the "2026 cross-currency swaps") (the 2024 cross-currency swaps and 2026 cross-currency swaps are collectively referred to as the "cross-currency swaps") as cash flow hedges to hedge the risk of changes in the foreign currency exchange rate for the proceeds from the offering and for all required payments of principal and interest under the 2026 Notes at a fixed exchange rate of USD1.000 = CAD1.2501, thereby fully hedging the USD320.0 million 2026 Notes at a CAD interest rate of 4.818%. The 2026 cross-currency swaps fully hedge the obligation under the 2026 Notes.

The following table summarizes the details of the 2026 Notes:

	June 30, 2022	**December 31, 2021**
2026 Notes in CAD at issuance	**400,032**	400,032
Change in fair value of 2026 Notes since issuance date due to changes in foreign exchange rate	**11,936**	4,352
	411,968	404,384
Unamortized deferred financing costs	**(4,897)**	(5,450)
	407,071	398,934

The following table summarizes the total carrying value of Notes Payable:

	June 30, 2022	**December 31, 2021**
2024 Notes	**701,292**	686,972
2026 Notes	**407,071**	398,934
	1,108,363	1,085,906

The Company has elected to use hedge accounting for the Notes Payable and the cross-currency swaps (i.e., the same notional amount, maturity date, interest rate, and interest payment dates). The Company has elected to designate foreign currency basis as a cost of hedging, thereby excluding foreign currency basis spreads from the designation of the hedging relationship, and has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange contracts is identical to the hedged risk components. To test the hedge effectiveness, the Company uses the hypothetical derivative method and compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks. There are no significant sources of hedge ineffectiveness between the Notes Payable and cross-currency swaps. There was no hedge ineffectiveness recognized in net income for the three and six-month periods ended June 30, 2022 and 2021.

As the Notes Payable and the cross-currency swaps are in an effective hedging relationship, changes in the fair value of the cross-currency swaps is recorded in OCI and subsequently reclassified into net income to offset the effect of foreign currency exchange rates related to the Notes Payable recognized in net income. The amount of the foreign currency basis spread at inception, designated as a cost of hedging, is amortized in net income on a straight-line basis over the life of the Notes Payable.

The cross-currency swaps have an aggregated notional amount equal to the aggregated principal outstanding of the hedged Notes Payable. The fair value of cross-currency swaps is determined using swap curves adjusted for credit risks. Swap curves are obtained directly from market sources. The fair value of the cross-currency swaps are as follows:

	June 30, 2022	**December 31, 2021**
Derivative financial liabilities		
2024 Cross-currency swaps	**(23,048)**	(34,132)

12. STOCK-BASED COMPENSATION

Share Option Plan

Under the Company's share option plan, options to purchase common shares may be granted by the Board of Directors to officers and employees. During the three and six-month periods ended June 30, 2022, nil and 28,820 options were granted by the Company, respectively (for the three and six-month periods ended June 30, 2021 – 3,256 and 57,735 options, respectively). For the three and six-month periods ended June 30, 2022, the Company recorded an expense of $432 and $871, respectively (for the three and six-month periods ended June 30, 2021 - $416 and $943, respectively) in stock-based compensation expense in the interim condensed consolidated statements of income, with a corresponding adjustment to contributed surplus.

Executive Share Unit ("ESU") Plan

Under the terms of the ESU Plan, the Company's Board of Directors may grant restricted share units ("RSU") and executive deferred share units ("Executive DSUs") to officers and employees.

Restricted Share Units
During the three and six-month periods ended June 30, 2022, the Company granted 7,354 and 37,863 RSUs, respectively (for the three and six-month periods ended June 30, 2021 – 39,483 and 83,849 RSUs, respectively) to employees of the Company under its ESU Plan. RSUs are granted at fair market value at the grant date and generally vest at the end of a three-year period based on long-term targets. For the three and six-month periods ended June 30, 2022, $1,151 and $2,232, respectively (for the three and six-month periods ended June 30, 2021 - $884 and $1,897, respectively) was recorded as an expense in stock-based compensation expense in the interim condensed consolidated statements of income. Additionally, for the three and six-month periods ended June 30, 2022, an additional 1,270 and 2,132 RSUs, respectively (for the three and six-month periods ended June 30, 2021 – 1,166 and 2,461 RSUs, respectively) were granted as a result of dividends payable.

Executive Deferred Share Units
During the three and six-month periods ended June 30, 2022, the Company granted nil and 13,286 Executive DSUs, respectively (for the three and six-month periods ended June 30, 2021 – nil for both periods) to employees of the Company under its ESU Plan. Executive DSUs are granted under the ESU Plan at fair market value at the grant date and generally vest at the end of a three-year period based on long-term targets. For the three and six-month periods ended June 30, 2022, $86 and $111, respectively (for the three and six-month periods ended June 30, 2021 – nil for both periods) was recorded as an expense in stock-based compensation expense in the interim condensed consolidated statements of income. Additionally, for the three and six-month periods ended June 30, 2022, an additional 93 Executive DSUs for both periods (for the three and six-month periods ended June 30, 2021 – nil for both periods) were granted as a result of dividends payable.

Board of Directors Deferred Share Unit ("Board DSU") Plan

Under the terms of the Board DSU Plan, the Company may grant DSUs to Board Directors. During the three and six-month periods ended June 30, 2022, the Company granted 2,377 and 11,239 Board DSUs, respectively (for the three and six-month periods ended June 30, 2021 – 1,200 and 12,454 Board DSUs, respectively) to Board Directors under its DSU Plan. DSUs are granted at fair market value at the grant date and vest immediately upon grant. For the three and six-month periods ended June 30, 2022, $821 and $1,576, respectively (for the three and six-month periods ended June 30, 2021 – $625 and $1,254, respectively) was recorded as stock-based compensation expense under the Board DSU Plan in the interim condensed consolidated statements of income. Additionally, for the three and six-month periods ended June 30, 2022, an additional 2,015 and 3,142 Board DSUs, respectively (for the three and six-month periods ended June 30, 2021 – 1,384 and 2,580 Board DSUs, respectively) were granted as a result of dividends payable.

Stock-Based Compensation Expense

Stock-based compensation expense for the three and six-month periods ended June 30, 2022 was $2,490 and $4,790, respectively (for the three and six-month periods ended June 30, 2021 - $1,901 and $3,987, respectively).

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

13. OTHER EXPENSES

During the three and six-month periods ended June 30, 2022, the Company incurred corporate development costs of nil and $2.3 million, respectively, including advisory, consulting and legal costs, in connection with the exploration of a strategic acquisition opportunity, which the Company elected to not undertake. These corporate development costs were reported under Other expenses in the interim condensed consolidated statement of income.

14. INTEREST EXPENSE AND AMORTIZATION OF DEFERRED FINANCING CHARGES

Interest expense and amortization of deferred financing charges under finance costs in the interim condensed consolidated statements of income include the following:

	Three Months Ended		**Six Months Ended**

Loss carry forwards	**-**	1,467
Others	**621**	340
	(29,923)	(38,648)

As at June 30, 2022 and December 31, 2021, there were no recognized deferred tax liabilities for taxes that would be payable on the undistributed earnings of the Company's subsidiaries.

16. EARNINGS PER SHARE

Basic Earnings Per Share

Basic earnings per share amounts were calculated by dividing the net income for the period by the weighted average number of outstanding common shares and Board DSUs. Board DSUs granted to the Board Directors are included in the calculation of the weighted average number of common shares outstanding as they vest upon grant.

	Three Months Ended		Six Months Ended	
	June 30, 2022	**June 30, 2021**	**June 30, 2022**	**June 30, 2021**
Net income	**38,300**	19,467	**64,396**	131,442
Weighted average number of common shares outstanding (in 000s)	**16,142**	16,223	**16,255**	15,672
Basic earnings per common share	**2.37**	1.20	**3.96**	8.39

For the three and six-month periods ended June 30, 2022, 291,296 and 289,205 Board DSUs, respectively (for the three and six-month periods ended June 30, 2021 – 273,889 and 272,277 Board DSUs, respectively) were included in the weighted average number of common shares outstanding.

Diluted Earnings Per Share

Diluted earnings per share reflect the potential dilutive effect that could occur if additional common shares were assumed to be issued under securities or instruments that may entitle their holders to obtain common shares in the future. Dilution could occur through the exercise of share options, the exercise of RSUs, or the exercise of unvested Executive DSUs. The number of additional shares for inclusion in the diluted earnings per share calculation was determined using the treasury stock method.

	Three Months Ended		Six Months Ended	
	June 30, 2022	**June 30, 2021**	**June 30, 2022**	**June 30, 2021**
Net income	**38,300**	19,467	**64,396**	131,442
Weighted average number of common shares outstanding (in 000s)	**16,142**	16,223	**16,255**	15,672
Dilutive effect of stock-based compensation (in 000s)	**380**	545	**421**	558
Weighted average number of diluted shares outstanding (in 000s)	**16,522**	16,768	**16,676**	16,230
Dilutive earnings per common share	**2.32**	1.16	**3.86**	8.10

The following stock-based compensation grants were considered anti-dilutive using the treasury stock method and therefore were excluded in the calculation of diluted earnings per share:

Fair Value Measurement

All assets and liabilities for which fair value was measured or disclosed in the interim condensed consolidated financial statements were categorized within the fair value hierarchy, described as follows, based on the lowest level input that was significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(Expressed in thousands of Canadian dollars, except where otherwise indicated)

The hierarchy required the use of observable market data when available. The following tables provide the fair value measurement hierarchy of the Company's financial assets and liabilities measured as at June 30, 2022 and December 31, 2021:

20. SEGMENTED REPORTING

For management reporting purposes, the Company has two reportable operating segments:

- The easyfinancial operating segment lends out capital in the form of unsecured and secured consumer loans to non-prime borrowers. easyfinancial's product offering consists of unsecured and real estate secured instalment loans. The LendCare operating segment specializes in financing consumer purchases in the powersports, automotive, retail, healthcare, and home improvement categories. The majority of LendCare loans are secured by personal property or a Notice of Security Interest. The Company aggregates operations of easyfinancial and LendCare into one reportable operating segment called easyfinancial, on the basis of their similar economic characteristics, customer profile, nature of products, and regulatory environment. This aggregation most accurately reflects the nature and financial results of the business activities in which the Company engages, and the broader economic and regulatory environment in which it operates.

  The Company's chief operating decision maker ("CODM"), which has been determined by the Company to be the Chief Executive Officer, utilizes the same key performance indicators to allocate resources and assess the performance of the operating segments. The CODM uses several metrics to evaluate the performance of the operating segments, including but not limited to, the volume of consumer loan originations and the risk-adjusted margin of the businesses (comprising the yield on the consumer loan portfolios net of the annualized loss rates). These key financial and performance indicators, which are used to assess results, manage trends and allocate resources to each of the operating segments, have been, and are expected to remain, similar. In addition, the Company will gradually centralize and share some of the common functions such as finance and certain aspects of human resources and information technology.

  The customers served by the easyfinancial and LendCare operating segments are Canadian consumers, the majority of whom are classified as non-prime borrowers and seeking alternative financial solutions to those of a traditional bank. These consumers actively use a wide range of financial products and will migrate across the products offered in each segment. Furthermore, the nature of products sold by each of the operating segments and the distribution methods of those products are similar. Both the easyfinancial and LendCare operating segments offer unsecured and secured instalment loans, which are offered through a retail network of branches or merchant partnerships, and complemented by an online digital platform. In addition, both operating segments are subject to the same federal and provincial legislations and regulations applicable to the consumer lending industry.

- The easyhome reportable operating segment provides leasing services for household furniture, appliances and electronics and unsecured lending products to retail consumers.

The Company's business units generate revenue in four main categories: i) interest generated on the Company's gross consumer loans receivable portfolio; ii) lease payments generated by easyhome lease agreements; iii) commissions and other revenues generated by the sale of various ancillary products; and iv) charges and fees.

General and administrative expenses directly related to the Company's business segments were included as operating expenses for those segments. All other general and administrative expenses were reported separately as part of the Corporate segment. Management assesses performance based on segment operating income (loss).
