easyhome Ltd. Reports 2011 Third Quarter Results

Mississauga, November 8, 2011: *easyhome* Ltd. (TSX: EH), Canada's largest merchandise leasing Company and a growing provider of financial services, today announced its results for the third quarter and nine months ended September 30, 2011.

easyhome Ltd. ("easyhome") continued to show strong revenue increases during the third quarter of 2011. Revenue for the quarter increased 7.7% to \$46.6 million, driven primarily by the expansion of the easyfinancial Services business and the related growth of its consumer loans receivable portfolio. Reported net income for the quarter was \$1.9 million, a decrease of 22.4% over the third quarter of 2010. The Company reported diluted earnings per share of \$0.16, compared to \$0.23 for the third quarter of 2010.

During the third quarter, *easyhome* made significant investments in advertising and other promotional activities that were designed to retain our customers through the challenging summer months and increase the number of lease agreements through the early fall. Although negatively impacting quarterly earnings per share by approximately \$0.08, these investments successfully grew the lease asset portfolio (as measured by potential monthly lease revenue which reflects the revenue our lease asset portfolio could generate in a month) by \$0.2 million during the quarter. This represents a significant turnaround as the lease asset portfolio declined by \$0.3 million in the third quarter of 2010. As at September 30, 2011, the lease asset portfolio was \$0.4 million larger than at September 30, 2010, an improvement of almost \$0.6 million during the quarter. The \$0.4 million increased size of the lease asset portfolio has the potential to generate approximately \$1.3 million in increased quarterly revenue going forward.

Additional items impacting earnings per share in the third quarter of 2011 include the following:

- New locations across the different business units opened during the third quarter of 2011 negatively impacted earnings per share by approximately \$0.03. We expect the performance of these locations to improve as they mature.
- The 20.8% growth during the quarter of the consumer loans receivable portfolio represented a year-over-year increase of 110% and an ending gross consumer loans receivable portfolio of \$42.7 million, allowing *easyfinancial* Services to contribute an additional \$0.05 per share when compared to normalized results for the third quarter of 2010.
- Offsetting the greater contribution of *easyfinancial* Services are increased corporate and administrative costs of \$0.05 per share that were put in place to support future growth.

Commenting on the results, David Ingram, *easyhome*'s President and Chief Executive Officer stated "We experienced mixed results for the quarter. We are disappointed with the earnings per share which were affected by the previously mentioned advertising and promotional activities and our increased corporate and administrative costs. However, we are pleased with our commercial results which were strong as the leasing business had its highest potential monthly lease revenue growth of any third quarter in recent history, driven by an 18% increase in the number of leased units delivered. *easyfinancial* Services also grew the size of its consumer loans receivable portfolio by \$7.4 million. As such, our two largest business units are now poised for improved performance going into the crucial fourth quarter holiday season."

Third Quarter Results

For the third quarter ended September 30, 2011, *easyhome* generated revenues of \$46.6 million, an increase from \$43.2 million in the third quarter of 2010. At the store level, including easyfinancial, same store revenue growth for the quarter was 5.1% compared with a growth of 4.9% for the third quarter of 2010.

On a segmented basis, the Company's leasing operations recorded revenues of \$39.8 million, unchanged from the same period last year. Franchising contributed revenues of \$0.3 million, an increase of \$0.1 million from the same period last year. *easyfinancial* Services revenues increased to \$6.4 million from \$3.2 million for the same period last year. The improvement is a result of the increase in the consumer loans receivable portfolio from \$20.4 million to \$42.7 million.

Operating income, which is income before interest expense and income taxes, decreased 7.7% to \$3.3 million from \$3.6 million in the third quarter of 2010. Quarterly revenue increases were offset by additional costs resulting from additional stores and easyfinancial locations, significant advertising expenditures during the quarter and a greater level of corporate costs to support sustainable growth. As a percentage of revenue, operating income was 7.2% compared to 8.4% in the third quarter of 2010.

Net income decreased 22.4% to \$1.9 million for the third quarter of 2011, compared with \$2.4 million for the third quarter of 2010. On a per share basis, earnings were \$0.16 compared with \$0.23. Adjusted for the bad debt expenses related to the employee fraud in the prior year, earnings were \$2.7 million, or \$0.26 per share, a year ago.

Nine Months Results

For the first nine months of the year, *easyhome* recorded revenues of \$139.0 million, up 7.7% compared with \$129.1 million in the first nine months of 2010. Operating income for the period was \$11.1 million, an increase of 7.8% compared with \$10.3 million in the first nine months of 2010. Diluted earnings per share decreased from \$0.61 to \$0.59. Net income, adjusted for unusual items, was \$7.0 million compared with \$7.5 million for the same period last year. On a per share basis and excluding unusual items, diluted earnings per share was \$0.59 compared with \$0.72 a year ago.

Cash flow provided by operating activities for the nine months ended September 30, 2011 was \$26.4 million. Included in these cash flows was a net investment in the *easyfinancial* Services consumer loans receivable portfolio of \$22.9 million. If this net investment in the loan portfolio was treated as cash flow from investing activities, cash flow from operating activities would be \$49.3 million. This cash flow enabled the Company to invest in the portfolios to drive future revenue growth of all business units, strengthen the management and infrastructure to support sustainable growth and maintain its total dividend payments for the quarter. In the third quarter of 2011, and as previously announced, the Company increased its bank revolving credit facility

by \$10 million which will provide additional funding to further the growth of the *easyfinancial* Services business.

Outlook

David Ingram commented, "We believe that uncertain economic conditions will continue into the new year. As a result, we will continue to be cautious as it relates to the opening of new stores and *easyfinancial* Services locations. We will, however, leverage the improvements that were made in the current year to both our internal processes and infrastructure which will result in further revenue growth and margin enhancement, particularly at *easyfinancial*."

easyhome has established the following targets for 2012: easyhome leasing to open 1-2 new corporate stores plus 4-7 new franchise stores that are consolidated for financial reporting purposes, the opening of 5-10 new franchise stores, and the opening of 15-20 new easyfinancial locations. Based on these assumptions, we are targeting total revenue growth of 10-15%. The achievement of these targets by the Company are predicated on a number of factors, including the availability of sufficient capital.

Donald K. Johnson, Chairman of the Board, commented, "The Company has seen significant change over the past 12 months as management has taken the necessary steps to support the Company's strategy for sustainable growth. The Board looks forward to improved results in the future."

The Board of Directors has approved a quarterly dividend payment of \$0.085 per share payable on January 5, 2012 to common shareholders of record as at the close of business on December 1, 2011.

About easyhome
